YOU’VE MADE THE DIFFERENCE
Mr. Jacob’s Story

When Mr. Jacob registered for Fall 2014, he had received a Pell Grant, a handful of scholarships, and personal loans.

Even with financial aid, Mr. Jacob’s could not meet his balance. A ‘hold’ would have been placed on his student account, withholding him from school and rendering him homeless.

“I don’t know how I would have been able to register for classes the following semester with such an enormous debt, or I would have gotten kicked out of housing.”

The HIGH Program was able to relieve Mr. Jacob’s balance so that he could continue taking classes and receive university housing.

“I am very thankful for the assistance that I have received”

- Mr. Jacob, WSU Senior 2015
Helping Individuals Go Higher provides emergency resources for students in dire need.

Ramsey’s Story

“I honestly don’t even know where the other road may have taken me, and I’m glad I don’t have to find out.”

While going to school at Wayne State University, Ramsey found himself on the brink of eviction.

Exhausting all possible options, Ramsey found himself at the mercy of friends who would let him crash on their couches.

That’s when the HIGH Program stepped in.

“The HIGH program saved me. They covered two months so that I wouldn’t have to suffer or worry while in school.”

- Ramsey T.
The HIGH Program received a $50,000 grant from the McGregor Fund to be used towards student support.
The Sean Anderson Foundation, recently established a $25,000 endowment for the HIGH Program.
“We see the HIGH Program as an important component of ensuring success at Wayne State, and we are proud to help strengthen its mission. We aim to boost graduation rates at the university by providing support to students facing hardship.”

-Myra Anderson, President
Sean Anderson Foundation
Without YOU...

130 Wayne State University students would have dropped out of college.
Your donations help improve graduation rates.
